STAYING COOL DURING A HEAT WAVE

August 9, 2016 – (MISSISSAUGA, ON) – As temperatures rise in Mississauga, Enersource is reminding customers that there are many ways to stay cool during the hotter than usual weather, without significantly increasing air conditioner usage.

To help remain cool, customers can:

- set thermostats to a temperature that is comfortable (not frigid)
- use ceiling and/or stationary fans
- close curtains and blinds to block the sun
- avoid use of the oven
- drink lots of water and dress for the weather

Mississauga has many other ways to cool down, including spray pads, swimming pools, malls, libraries and even local movie theatres. For more ideas on beating the heat outside of your home, please visit www.mississauga.ca.

About Enersource

Enersource is one of Ontario's most reliable energy providers, serving over 200,000 residential and commercial customers across Mississauga. It is a diversified energy and technologies company that provides electricity distribution and services related to the design, operation and maintenance of electrical systems.

Ninety percent of Enersource Corporation is owned by the City of Mississauga, and 10 percent is owned by BPC Energy Corporation (Borealis), which is part of the Ontario Municipal Employees Retirement System (OMERS).
