ENERSOURCE SUPPORT STRENGTHENS HEART HOUSE HOSPICE OUTREACH EFFORTS

May 12, 2015 – (MISSISSAUGA, Ontario) – Since April 2013, Enersource Corporation has worked closely with Peel Region’s Heart House Hospice to improve outreach efforts to the families of critically ill individuals in the community. Through its Spirit of Giving program, Enersource has donated \$25,000 to improve communications channels used to share information about available resources for those requiring critical care in our local community.

For many individuals, finding relevant information is essential to understanding the care requirements for loved ones during the late stages of terminal illness. The donation has enabled Heart House Hospice to:

- build a more informative website, with testimonials from individuals who benefited from the available programs;
- create an enhanced outreach package that educates physicians about the benefits of Heart House Hospice; and
- begin a translation program to offer up-to-date information in several languages for Peel Region’s diverse multicultural community.

If you or someone you love is facing an end-of-life journey, please visit the Heart House Hospice website at www.hearthousehospice.com. If you have any questions, please contact Heart House Hospice at info@hearthousehospice.com, or call the main office at 905-712-8119.

QUOTES

“We help families make the most out of every moment with their loved ones, while providing individuals the best care and support available during their end-of-life journey,” said Theresa Greer, Executive Director of Heart House Hospice. “The donation from Enersource has helped, and will continue to help us educate the community about how Heart House Hospice can help those in need.”

“For nearly 30 years, Heart House Hospice has helped individuals and their families deal with the difficult decisions surrounding end-of-life care,” said Peter Gregg, President and CEO of Enersource. “We are proud to support an organization that offers strength to families in our community when they require it most.”

About Heart House Hospice

Heart House Hospice exists to make a meaningful difference in someone's end of life experience. We do this by providing the highest quality end of life support to our terminally ill clients. Our services are personalized, focused, flexible and responsive to the individuals and families we support. Our staff is well trained, professional and compassionate. Our services are mindful of cost and focused on providing a service that is valued by the community and the health care system.

About Enersource

The Spirit of Giving program reflects Enersource's commitment to the local community. Enersource is one of Ontario's most reliable energy providers, serving over 200,000 residential and commercial customers across Mississauga. It is a diversified energy and technologies company that serves customers through the distribution of electricity and the delivery of services related to the design, operation and maintenance of electrical systems.
